

NIER Research Bulletin No.136

Features

Longitudinal Study on Science and Mathematics and Periodical Survey of Science and Mathematics	
Frameworks of Longitudinal Study on Science and Mathematics and Periodical Survey of Science and Mathematics	MATSUBARA Shizuo..... 7
Longitudinal Changes of Science Achievement and the Influence of Educational Factors	SARUTA Yuji..... 19
Longitudinal Changes of Students' Perceptions on Science in Elementary and Secondary Schools	MATSUBARA Shizuo..... 43
Influence of the Course of Study on Teaching Methods for Science in Elementary and Lower Secondary Schools	HATOGAI Taro..... 63
The Influences of Social Factors on Science Achievement	SHIMIZU Kinya..... 77
Longitudinal Changes of Mathematics Achievement and Attitude in Elementary and Secondary School	SENUMA Hanako..... 91

Articles

Evidence-Based Intervention against Bullying	TAKI Mitsuru.....119
The Role and Function of e-learning in Primary and Secondary Education ~ The Case of State-run Virtual Schools in the U.S.A. as an Example ~	WATANABE Keiko.....137

Research Notes

Reconsidering Milton Friedman's School Voucher Idea	SAITO Yasuo.....149
Exploratory Study on Education for Muslim in Japan	MARUYAMA Hideki.....165
Educational Activities at the ■Beijing Education for Sustainable Development Field■	TSURUMI Yoko.....175

Research Reviews

- Trends in Studies on Scientific, Mathematical & Technological Literacy in Japan
- Focused on Fields of Education -
.....NAGASAKI Eizo, ABE Yoshitaka, SAITO Moegi and SUGURO Sota.....189
- Research-oriented Learning from the Liberal Arts PerspectiveODA Katsumi.....207

Project Report

- Results of the TIMSS1999 Science Lesson Study
.....OGURA Yasushi and MATSUBARA Shizuo.....219

Technical Report

- Summary of the Database and Characteristics of the Information Retrieval System
- The Database of Educational Resources of the National Institute
for Educational Policy Research -YOSHIOKA Ryoei.....235
